Please Return this Completed Form with Registration

Thank you for filling out this survey. The PTSA is an essential organization to promote great programs for students. The PTSA relies on volunteer efforts to support school and PTSA programs in both elementary and secondary schools. In the past parent involvement has typically diminished as students have moved from elementary to junior high. Students need your involvement more than ever during this transition time. Your involvement will be appreciated and beneficial. We look forward to working with you this year!
